INSIDE STORY

Notre histoire...

C'est en 1956, à Montréal que Monsieur George Reinitz fonde la compagnie Jaymar. Après des années de travail acharné, Jaymar vit un véritable engouement et il est maintenant temps de penser à agrandir. M. Reinitz décide de s'installer à Terrebonne et de faire construire une usine de 128 000 p2. La rue Jaymar est baptisée en son honneur.

Il dirigera la compagnie pendant plus de 44 ans. Grâce à sa passion, Jaymar figure toujours parmi les plus importants fabricants de meubles rembourrés au Canada.

Aujourd'hui dirigée par Monsieur Daniel Walker, l'entreprise continue sa croissance et son développement. Jaymar offre un vaste choix de recouvrements sur un ensemble presque infini de configurations tout en gardant les meilleurs standards de qualité. Un travail réalisé par des artisans chevronnés de chez nous depuis plus de 60 ans.
