FABRIC CARE INSTRUCTION CLEANING CODES

D

Dry clean only.

MW

Machine wash.

MSW

Clean with mild soap and water.

P

Dry cleaning in solvents except trichloroethylene. Professional dry cleaning recommended. CAUTION: Use of water-based or detergent-based solvent cleaners may cause excessive shrinking. Water stains may become permanent and unable to be removed with solvent cleaning agents.

S

Clean this fabric with pure solvents (petroleum distillate-based products, Energine, Carbon, Renuzit, or similar products may be used) in a well-ventilated room. Cleaning by a professional furniture cleaning service only is recommended. CAUTION: Use of water based or detergent-based solvent cleaners may cause excessive shrinking. Water stains may become permanent and unable to be removed with solvent cleaning agents. Avoid products containing Carbon Tetrachloride as it is highly toxic. To prevent overall soil, frequent vacuuming or light brushing.

SW

Clean this fabric with the foam only of water-based cleaning agent or with a pure solvent in a well-ventilated room (petroleum distillate-based products, Energine, Carbona, Renuzit or similar products may be used.) Cleaning by a professional furniture cleaning service only is recommended. To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is suggested.

W

Clean this fabric with the foam only of water-based cleaning agent to remove overall soil. Many household cleaning solvents are harmful to the colour and life of a fabric. Cleaning by a professional furniture cleaning service only is recommended. To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended.

WS

Clean this fabric with the foam only of water-based cleaning agent or with a pure solvent in a well-ventilated room (petroleum distillate-based products, Energine, Carbona, Renuzit or similar products may be used.) Cleaning by a professional furniture cleaning service only is recommended. To prevent overall soil, frequent vacuuming or lightbrushing to remove dust and grime is suggested.

X

Clean this fabric only by vacuuming or light brushing to prevent accumulation of dust or grime. Water-based foam or solvent-based cleaning agents of any kind may cause excessive shrinkage or fading.

FABRIC TREATMENTS

ALTA The ALTA™ SPILL AND STAIN REPELLENT provides unmatched repellency to water and oil based stains such as coffee, soda, wine, mustard or salad dressing. Features and Benefits: High repellency to water and oil based stains - Permanent bond at the fiber level - Easy cleanability, reducing the need for harsh chemical cleaners - 95% water based technology - Free from PFOS, PFOA, VOC, formaldehyde, phthalates ore heavy metals. For more information, visit masterfabrics.com/alta

GLADIATOR Gladiator™ is an exclusive stain-resistant treatment certified to OEKO-TEX® STANDARD 100. Fabrics treated with Gladiator™ resist water-based stains (coffee, soft drinks, wine, etc.) as well as oil-based stains (mayonnaise, ketchup, etc.). The finish acts as an active stain-repellent treatment, giving you the time needed to remove a spill before it penetrates the fibers. For more information, visit elitetextiles.com/gladiator-finishing

DURAGARDE CO treatment, eco-friendly: PFAS-free, repels water-based liquids and makes cleaning easier. This performance treatment helps fabrics stay clean longer without relying on harmful chemicals. DURA GARDE is tough on stains, but gentle on the planet! For more information, visit jaymar.ca

ENDUREPEL The latest water- and stain-repellent technology offers a worry-free solution. Our fabric supplier has replaced all fabrics treated with Endurepel Shield with a CO finish to remain at the forefront of the industry's environmental efforts. This finish is 100% fluorocarbhone-free (PFAS-free technology). For more information, visit ennisfabrics.com/blogs/news-/learn-about-our-endurepel-products

EASE ECO EASE Eco Performance is a high-performance, environmentally responsible technology that improves fabric durability and ease of care without compromising its luxurious appearance and feel. This environmentally friendly, PFAS-free technology is also free of potentially harmful chemicals; proudly Greengard Gold certified, it helps create a healthier and more sustainable indoor environment. For more information, visit easeecoperformance.com

SUSTAIN Sustain Performance Fabrics™—a perfect harmony of style and durability. Crafted for everyday households and busy commercial environments, these fabrics boast easy cleanability with just soap, water, or diluted bleach, while avoiding the use of extra chemicals. Made from low-impact fibers and utilizing fewer natural resources, our fabrics redefine responsible luxury, ensuring your furniture is not only lasting but also leaves a lighter footprint on the planet. Embrace the effortless blend of practicality and eco-conscious living with Sustain Performance Fabrics™. For more information, visit sustainperformancefabrics.com
